## MESSAGE FROM THE DIRECTOR

Dear Aspiring Ayurvedic Practitioners,

At GIADA, our vision is to make Ayurvedic treatments the first choice for individuals, while empowering practitioners like you to lead this change.

With our 3-month hands-on CADC (Clinical Ayurvedic Dermatology and Cosmetology) training, we aim to elevate Ayurveda to the top of healthcare options by equipping you with the skills to integrate advanced dermatological treatments into your practice. This course not only enhances your professional expertise but also fosters personal growth, helping you serve your patients more effectively.

Join us in advancing Ayurveda to new heights!

Warm regards,

(Dr. Rohit Goel)  
Director,  
GIADA Institute

## Dr. Rohit Goel

Founder & Managing Director  
GIADA, DTC Skin Clinic

## What's CADC

**CADC (Certificate in Ayurvedic Dermatology and Cosmetology)** is a specialized course designed to provide Ayurvedic practitioners, such as BAMS, MD students, and professionals, with hands-on training in treating various skin conditions using Ayurvedic principles and modern cosmetic techniques. The course focuses on clinical applications of Ayurvedic dermatology and aesthetics, integrating traditional methods with advanced technologies like PRP, laser therapies, and chemical peels. CADC helps practitioners enhance their clinical expertise, offering holistic skin and beauty treatments that appeal to a modern audience.

## Objectives of the course

The primary objective of the CADC course is to equip Ayurvedic practitioners, BAMS and MD students, and professionals with advanced clinical skills in treating a wide range of dermatological conditions and aesthetic concerns. By combining the time-tested principles of Ayurveda with cutting-edge cosmetic techniques such as PRP, laser therapies, and chemical peels, the course aims to enhance practitioners' ability to provide holistic and modern skin care solutions. The course focuses on practical, hands-on training to ensure participants can integrate Ayurvedic and contemporary treatments into their clinical practice, offering personalized and effective skin and beauty therapies to a diverse clientele.

## Why you should do this course
